A

AAAP
  C. A. Bottorff Award, 1989 603
  P. P. Levine Award, 1988 604
  Reed Rumsey Student Awards 606
  Upjohn Achievement Award, 1989 605
adenovirus *see* avian adenovirus
adsorption-elution technique for recovery of avian influenza virus from water 649
airsacculitis
  in chicks exposed to Congo red *Escherichia coli* 473
  oxytetracycline *vs.*, in mycoplasma-infected chickens 750
Amazon parrot, cholangiocarcinoma in 594
amprolium *vs. Eimeria adenoeides* in turkeys 303
anticoccidials *vs.* coccidial field isolates 365
antifungal drugs *vs.* yeast isolates causing thrush in poultry 416
Aspergillus fumigatus, dimethyldithiocarbamate *vs.*
  in vitro 8
  in vivo 497
author's guidelines 211, 382, 600, 834
avian adeno-associated virus, detection in chicken cells 125
avian adenovirus
  in chicken cells 125
  in Guinea fowl with pancreatitis 586
avian cholera *see* fowl cholera
avian influenza virus
  broad-spectrum subtype antigen for ELISA 264
  competition between different genetic forms *in ovo* 695
  effect on lymphocyte activation 743
  ELISA for 264
  H1N1 outbreak in North Carolina turkey breeder hens 370
  recovery from water using adsorption-elution technique 649
avian mycoplasmosis, national survey to determine uniformity of serological test results 760
avian reovirus *see* reovirus
avian rotavirus *see* rotavirus
awards *see* AAAP

B

bacteria *see* individual species
biuret method, use in determining plasma and serum protein concentrations 93
bobwhite quail, quail bronchitis in 446
Bottorff, C. A., award 603
budgerigar, cryptosporidiosis in 829
bursa, involution of, relationship to delayed egg production 361

C

Campylobacter fetus subsp. *jejuni* see *C. jejuni*
Campylobacter jejuni
  enhancement of virulence by serial passage in chicks 425
  in poultry in Nigeria 801
  in wild birds in Louisiana, prevalence 664
Candida albicans in poultry, antifungal drugs *vs.* 416
Candida tropicalis, peritoneal macrophages *vs.* 177
carbohydrates
  effect on attachment of *Salmonella typhimurium* to chick ceca 340
  effect on colonization of *Salmonella typhimurium* in broilers 531
carcinoma, squamous-cell, in Spanish Cochin hen 827
chicken anemia agent
  coinfection with infectious bursal disease virus 753
  isolation and characterization in broilers 707
  isolation in broiler breeders 691
  pathogenicity and transmissibility in study of various parameters 753
chlortetracycline levels in blood of macaws 199
cholangiocarcinoma in Amazon parrot 594

cholera *see* fowl cholera
coccidia, anticoccidials *vs.* 365
coccidiosis, diclazuril *vs.*
  dose-titration studies 422
  floor-pen experiment 479
cockatiel, cryptosporidiosis in 829
coligranulomatosis in coturnix quail 590
Colinus virginianus, quail bronchitis in 446
colisepticemia, association between phenotype and virulence of Congo red *Escherichia coli* 473
Corynebacterium parvum, effect on resistance to *Salmonella typhimurium* 787
Coturnix coturnix japonica see Japanese quail
coturnix quail, coligranulomatosis in 590
crane, sandhill, fusariomycotoxicosis *vs.* 451
cryptosporidiosis
  bursal, in chickens 74
  in turkey feces 191
  intestinal, in a budgerigar and a cockatiel 829
  intestinal, in chickens 770
  respiratory, geographic distribution in Georgia chickens 368
Cryptosporidium baileyi
  from chickens in ducks 69
  geographic distribution of cryptosporidiosis in Georgia chickens 368
  in chicken intestines 770
cyclosporine A *vs.* reovirus in broilers 86

D

deoxynivalenol contamination in feed, effect on egg production 804
dicalcium phosphate toxicity in turkey poults 375
diclazuril *vs.* turkey coccidiosis
  in dose-titration studies 422
  in floor-pen experiment 479
dimethyldithiocarbamate
  vs. Aspergillus fumigatus in chickens 8, 497
  vs. Escherichia coli in chickens 8, 497
  vs. Pasteurella multocida in chickens 8, 497
dot-blotting techniques 609
drag-swab sampling for Salmonella 684
ducks, *Cryptosporidium baileyi* in 69
dyschondroplasia *see* tibial dyschondroplasia

E

egg production
  effect of involuted bursa on 361
  effect of mycotoxin contamination in feed on 804
Eimeria, anticoccidials *vs.* 365
Eimeria adenoeides
  amprolium *vs.* 303
  diclazuril *vs.* 422, 479
Eimeria gallopavonis, in turkeys, diclazuril *vs.* 422, 479
Eimeria meleagrimitis, in turkeys, diclazuril *vs.* 422, 479
Eimeria mitis
  differentiation from *E. mivati* 324
  immunogenicity and cross immunity 236
Eimeria mivati, differentiation from *E. mitis* 324
electricity, effect of stray voltage on turkey poults 582
ELISA
  comparison of egg-yolk and serum antibody titers to four viruses 643
  vs. fowl cholera 97
  Ig class-specific 53
  indirect, *vs.* avian influenza 264
  vs. rotavirus 53
  use in predicting antibody titers of chickens immunized with p150 merozoite surface antigen 431
encephalitis in umbrella cockatoo 379
endonuclease fingerprinting techniques 609
enzyme-linked immunosorbent assay *see* ELISA
Escherichia coli
  characteristics of isolates from Turkey 631
  Congo red binding of isolates 502
  Congo red strains, association between phenotype and virulence in chicks 473
  contamination in poultry mash, reduction of 103
  in chickens
    dimethyldithiocarbamate *vs. in vitro* 8
    dimethyldithiocarbamate *vs. in vivo* 497
    O2 strain, infectivity of 134
    pathogenicity in aerosols for chicks 676
    peritoneal macrophages *vs.* 177

F

feed, contamination with deoxynivalenol, effect on egg production 804
Ficoll-Hypaque discontinuous gradients, use in separation of heterophils in blood
  in chickens 163
  in turkeys 571
filtered-air positive-pressure housing, advances in 792
focal ulcerative dermatitis, experimental reproduction in turkeys 714
fowl cholera *see also Pasteurella multocida*
  ELISA for 97
  immunity induced by vaccines 97
  in broilers 816
  in turkeys, 1986 Georgia outbreak 213
  pathogenesis in turkeys 238
  vaccine *vs.* 97
fowl typhoid, *Salmonella gallinarum* proteins and live vaccine compared 385
fowlpox virus
  pathologic changes in chickens 333
  structural proteins of two phenotypes 458
furazolidone toxicity in turkey poults treated with neomycin 466
fusariomycotoxicosis in sandhill crane 451
Fusarium moniliforme var. *subglutinans,* toxicity in chicks, ducklings and turkey poults 357

G

gastric neoplasia in psittacines 204
gastrocnemius tendon ultrastructure, reovirus *vs.* 79
gland of Harder removal *vs.* antibody response 392
Grus canadensis, fusariomycotoxicosis in 451
guidelines for authors 211, 382, 600, 834
Guinea fowl, adenoviral pancreatitis *vs.* 586

H

Haemophilus paragallinarum
  biotyping using several techniques 491
  characterization using monoclonal antibodies 219
  hemagglutinating activity and immunological properties compared 511
  polyacrylamide gel electrophoresis of 168
Harder, gland of, removal *vs.* antibody response 392
hemorrhagic enteritis, influence of maternal antibody and age at exposure in turkeys 778
hepatitis
  inclusion body, *vs.* broilers in New Zealand 622
  turkey viral 191
heterophils, separation in blood using Ficoll-Hypaque discontinuous gradients
  in chickens 163
  in turkeys 571

I

immunoblot test, use in detecting immune response to northern fowl mites 668
inclusion body hepatitis in broilers 662
infectious anemia in broilers, isolation of parvovirus-like virus 438
infectious bronchitis virus
  characterization using monoclonal antibodies 482
  comparison of egg-yolk and serum antibody titers *vs.* 643
  nephropathogenic, in commercial broilers 823
  vaccination of sentinels in commercial setting 764
infectious bursal disease virus
  coinfection with chicken anemia agent 753
  egg-yolk and serum antibody titers *vs.* 643
  egg-yolk titers, use in predicting serum antibody titers in broiler breeders 654
  field strains, pathogenicity of 35
  serotype 1 pathogenesis of 112
  vaccine *vs.* 729
infectious coryza *see Haemophilus paragallinarum*
infectious laryngotracheitis *see* laryngotracheitis
influenza *see* avian influenza
instructions for authors 211, 382, 600, 834

J

Japanese quail, *Pasteurella multocida* in 820

L

laryngotracheitis *see also* laryngotracheitis virus
  efficacy of a tissue-culture vaccine 24
  length of preinfectious and infectious periods 18
laryngotracheitis virus *see also* laryngotracheitis
  modified-live vaccine viruses and field isolates compared 316
  two vaccines compared 516, 524
lead intoxication in chickens 566
lectin blot test, use in detecting northern fowl mites 668
Levine, P. P., award 604
listeriosis, encephalitic form in chickens 182
liver tumor, fibrosarcomatous 615
Lixiscope, use in diagnosing tibial dyschondroplasia in broilers 254
lung volume in meat-type chickens 174
lymphocytes, in chickens, stimulatory effect of avian influenza virus on 743

M

macaws, levels of chlortetracycline in blood 199
malabsorption syndrome *vs.* thyroid function in broilers 279
Marek's disease virus
  interaction with splenic non-lymphoid cells using monoclonal antibodies 657
  pathogenesis of local lesions 291
merozoite surface antigen p150 immunization in chickens, prediction of antibody titers 431
mites, northern fowl, host immune response to 668
molt-inducing regimen, effect on recovery of *Mycoplasma gallisepticum* in chickens 574
monensin toxicity in turkey breeder hens 186
monoclonal antibodies
  Haemophilus paragallinarum characterization in layers 219
  vs. infectious bronchitis virus 482
  vs. Marek's disease virus 657
  vs. Mycoplasma gallisepticum 42
  vs. Mycoplasma synoviae 42
mosquitoes, role in transmitting *Pasteurella anatipestifer* infection in turkeys 809
Mycobacterium avium
  effect of genetics and environment on infection in chickens 411
  isolation from waterfowl 195
Mycoplasma
  national survey to determine uniformity of serological test results for avian mycoplasmosis 760
  serum plate antigens, nonspecific reaction to 60
Mycoplasma gallisepticum
  molt-inducing regimen *vs.* recovery in chickens 574
  monoclonal antibodies *vs.* 42
  oxytetracycline *vs.* severity of airsacculitis in chickens 750
  serum plate agglutination antigen 140
  serum plate antigens, nonspecific reaction to 60
Mycoplasma gallopavonis, status of SA strain 150
Mycoplasma iowae
  1805 strain status 150
  turkey embryo challenge 310

Mycoplasma synoviae
monoclonal antibodies *vs.* 42
serum plate antigens, nonspecific reaction to 60
myenteric ganglioneuritis in umbrella cockatoo 379
myositis, proventricular and ventricular, in umbrella cockatoo 379

N

neomycin *vs.* furazolidone toxicity in turkey poults 466
Newcastle disease virus
egg-yolk and serum antibody titers compared 643
genetic differentiation of strains 345, 351
in ocular and paraocular tissues 285
lentogenic strains, genetic differentiation of 351
oil-emulsion vaccines compared 157
oligonucleotide fingerprinting for genetic differentiation of strains 345, 351
virulence following serial passage in kidney cells 248
nicarbazin *vs.* coccidia 365
Northern blotting techniques 609
northern fowl mites, host immune response to 668
nucleic acid techniques, practical application to disease problems 609
Numida meleagris, adenoviral pancreatitis in 586

O

ocular tissues, Newcastle disease virus *vs.* 285
oligonucleotide fingerprinting for genetic differentiation of Newcastle disease virus strains 345, 351
Ornithonyssus sylvarium, host immune response to 668
oxytetracycline *vs.* airsacculitis in mycoplasma-infected chickens 750

P

pancreatitis in Guinea fowl 586
paramyxovirus-1, oil-emulsion vaccines compared 157
parrot, Amazon, cholangiocarcinoma in 594
parvovirus-like virus, isolation in chickens with infectious anemia 438
Pasteurella anatipestifer, role of mosquitoes in transmission to turkeys 809
Pasteurella multocida see also fowl cholera
encapsulated form, role in pathogenesis of fowl cholera in turkeys 238
in chickens
dimethyldithiocarbamate *vs. in vitro* 8
dimethyldithiocarbamate *vs. in vivo* 497
in Japanese quail 820
in turkeys 12, 238
in turkeys, role of encapsulated form in pathogenesis of fowl cholera 238
mutants of low virulence, development and pathogenicity 270
mutants of low virulence, immunologic response of turkeys 275
solubilization of membrane-associated cross-protection factors 258
vaccine antibody titers in relation to survival 506
peritoneal macrophages, *in vitro* microbial activity of 177
pigeon paramyxovirus-1, oil-emulsion vaccine compared with Newcastle disease vaccines 157
plasma protein concentrations, determination of 93
polyacrylamide gel electrophoresis for examining *Haemophilus paragallinarum* 168
polymerase chain reaction techniques 609
psittacines, gastric neoplasia in 204

Q

quail, bobwhite, quail bronchitis in 446
quail, coturnix, coligranulomatosis in 590
quail, Japanese, *Pasteurella multocida* in 820
quail bronchitis in bobwhite quail 446

R

refractometry for determining plasma and serum protein concentrations 93
reovirus
compared with *Staphylococcus aureus* as cause of tenosynovitis 401
cyclosporine A *vs.* 86
vs. digestion and nutrient metabolism 545
egg-yolk and serum antibody titers compared 643
vs. gastrocnemius tendon ultrastructure 79
host factors affecting virulence and persistence 555
pathogenicity and antigenic relatedness 535
restraining techniques for turkeys 719
restriction endonuclease analysis of laryngotracheitis virus isolates 316
reticuloendotheliosis virus in breeder turkeys 226
RNA fingerprinting *see* oligonucleotide fingerprinting
rotavirus
ELISA for 53
propagation in cell cultures 578
Rous sarcoma virus, subgroup A, cell-mediated immune response 615
Rumsey, Reed, awards 606

S

Salmonella
contamination in poultry mash, reduction of 103
in turkeys, freedom from 1
sampling techniques for poultry farms 684
Salmonella antigen-capture immunoassay 684
Salmonella enteritidis, time and temperature *vs.* growth in eggs 735
Salmonella gallinarum, proteins from, compared with live vaccine *vs.* fowl typhoid 385
Salmonella typhimurium
carbohydrates *vs.* attachment to chick ceca 340
carbohydrates *vs.* colonization in broilers 531

challenge in chicks fed native gut microflora 636
Corynebacterium parvum vs. resistance 787
sandhill crane, fusariomycotoxicosis in 451
serum protein concentrations, determination of 93
skin pressure, effect on turkeys 714
Southern blotting techniques 609
Spanish Cochin hen, squamous-cell carcinoma in 827
Staphylococcus aureus, compared with reovirus as cause of tenosynovitis 401
sulfaquinoxaline toxicosis 30

T

tenosynovitis, reovirus and *Staphylococcus aureus* compared as causes 401
thrush, comparison of antifungal drugs *vs.* 416
thyroid function, malabsorption syndrome *vs.* 279
tibial dyschondroplasia, radiographic diagnosis in broilers 254
Torulopsis pintolopesii, antifungal drugs *vs.* 416
turkey viral hepatitis 191

U

umbrella cockatoo, various diseases in 379
Upjohn Achievement Award, 1989 605

V

vaccines
vs. fowl cholera 97
vs. fowl typhoid, 9R live compared with *Salmonella gallinarum* proteins 385
vs. infectious bronchitis virus, sentinel study 764
vs. infectious bursal disease virus 729
vs. laryngotracheitis virus in broilers 516
vs. laryngotracheitis virus in layers 524
oil-emulsion, *vs.* paramyxovirus-1 157
vs. Pasteurella multocida, relationship between antibody titers and survival 506
viruses *see* individual names
voltage, effects on turkey poults 582

W

waterfowl, isolation of *Mycobacterium avium* 195
wild birds, *Campylobacter jejuni vs.* 664

X

xylazine, use in restraining turkeys 719

Z

zearalenone contamination in feed *vs.* egg production 804
